Ultipro Login & W-2 Access

Both Active and Separated employees have access to Ultipro. Ultipro is the website used to view, print and/or update address, phone, email, tax forms (W-4/W-2), pay info, pay stubs, and more.

You may access the site in 4 easy steps:

1. GO TO: https://e24.ultipro.com

2. User Name: Your last name* plus the last four digits of your SSN (example: smith1234).
   Default Password: Your birthdate in MMDDYYYY format (example: 01012014).
   NOTE: Letters in the USER NAME field are ALL LOWER CASE.
   *For employees having more than one last name, the User Name format is for both names listed together without any spaces or special characters. Example: Young-Smith = youngsmith1234

3. After entering your info for the first time, you will be asked to choose a new password. The new password must be between 8 to 15 characters in length and at least include:
   - One capital letter
   - One lower case letter
   - One number
   - One character
   Example: Miracle3$

4. You will then need to select and answer 3 Challenge Questions to finish the process and enable you to use the “Forgot your password” link to reset your password going forward.

If you are “locked out” or need assistance with your login, please email ultisupport@hooters.com.

To access your W-2:

Once logged in, either click on the W-2 icon on the home page or select “Myself” and “W-2” from the drop down menu.

You may then click on the year and view, download, or print your W-2.

For questions about your W-2, please email W2@hooters.com.
